First of all, I would like to thank my **parents** who allowed me to be a social worker, so that I can write this handbook. I deeply give my respects to Professors Dr. Yin Yin Than, Dr. Nilar Myint, Dr. Soe Moe Moe, Dr. Cho Cho Lwin, Dr. Than Htun, Dr. Aung Min Win , Dr Maung Maung Lwin Saw who had taught me and planted the love for Myanmar language in me.

And I also would like to thank Dr. Karl and Daw Myint Su from **Burnet Institute** (Yangon) for their guidance. I also would special thanks to Mr. Martin Pun and Miss Jane Brooks from the MBCA. I really appreciate to **Daw Myaut San Nyein** (Library Director) **American Center Baldwin Library** for her kindly share some useful reference books.

I also have to thank my brother **Dr. Aung Zaw Moe** who had made me attended the Post-Graduate Diploma in Social Work 5th batch at Yangon University. If it isn't without the useful lecture of Professors **Dr. Daw Than Nwe, Dr. Daw Khin Aye Win,** and **U Tite Aung** and **Professor Dr. Aung Myat Kyaw Sein** and other teachers from **Psychology Department,** I would not be able to write this handbook. And I am grateful to (**SANDHI Consultancy Firm**) for the trainings provided for me. I also appreciate the help of Dr. Nwe Yin Aung who help me with writing rhymes about medical knowledge.

Moreover, I sincerely appreciate the help of my colleagues and co-founders of the organization, U Phyo Min Thein, U Bo Bo and Daw Soe Soe Lwin, who have been with me since 1st February, 2011: the establishment of Ar Yone Thit Myanmar Social Workers Association.

I would also like to thank the nurse aid Teacher Sayarma Daw Hnin Wai Wai Soe, Sayar Zaw Myo Htun, Sayar Thant Zaw, Dr. Sai Khun Mai ,Dr Khin Mya Htun,Dr Htet Su Khaing and Sayar Sai Aung Myint Oo who help me in the organization's income generation programme and Sayarma Daw Pa Pa Soe who help me in "Myanmar literature and Myanmar language programme" because the organization is independent from the technical and financial supports from other outside donors or associations. I should not also forget to thank the volunteer **Khin Dipar Win** who help me with the office works. And of course, I should also thank **Ko Ko Lwin** from **CDP Network**.

Without any help from my devoted co-founders, executive members, patrons, advisors and volunteers who did not get any money and had a faith in my "**LCD**" **method,** I would not have written this handbook successfully. This handbook was funded by the income from Social Enterprise Programme (Certificate in Nursing Assistant Training and The First Myanmar Language Learning Center) and finally I really appreciate the people who attended this programme.
